2<sup>nd</sup> Year Engineering students -43

**Preamble:**

The Training & Placement Cell of MITK organized a one-day workshop on "TalFinder Workshop on Remote Internships" for pre-final year engineering students on 30th March 2018. The workshop aimed to familiarize students with the TalFinder platform and emphasize the importance of leveraging it to access remote internship opportunities. The session was conducted by Mr. Shashank Shankar, CEO of Hebbale Labs Pvt Ltd, along with his team.

**Objective:**

The primary objective of the workshop was to educate pre-final year engineering students about the TalFinder platform and guide them on utilizing it effectively to secure remote internship opportunities. Specific objectives included:

1. Introducing students to the TalFinder platform and its features.
2. Explaining the significance of remote internships in enhancing practical skills.
3. Providing insights into the process of applying for remote internships and maximizing opportunities.

**Session Highlights:**

The one-day workshop, held on 22<sup>nd</sup> September 2018, featured key highlights related to TalFinder and remote internships:

**1. Introduction to TalFinder:**

- Mr. Shashank Shankar provided a comprehensive introduction to the TalFinder platform, highlighting its functionalities and user interface.
- Students gained insights into how the platform could be a valuable resource for discovering remote internship opportunities.

**2. Importance of Remote Internships:**

- The workshop focused on the significance of remote internships in the current professional landscape.
- Real-world examples and success stories were shared to illustrate how remote internships contribute to skill development and industry exposure.

**3. TalFinder Navigation and Application Process:**

- Practical demonstrations were conducted to guide students on navigating the TalFinder platform.
- The application process for remote internships was explained, covering key steps from profile creation to successful application submission.

**4. Interactive Q&A Session:**

- The workshop included an interactive question-and-answer session, allowing students to clarify doubts and seek additional information.
- Participants actively engaged in discussions about remote internships and TalFinder's role in facilitating the internship search process.

### **Outcome with Feedback:**

The TalFinder Workshop on Remote Internships yielded positive outcomes, as reflected in student feedback and evaluations:

#### **1. Increased Platform Awareness:**

- Students reported a heightened awareness of the TalFinder platform and its potential in connecting them with remote internship opportunities.
- The practical demonstrations enhanced their understanding of how to effectively use the platform.

#### **2. Understanding the Significance of Remote Internships:**

- Feedback indicated an increased understanding of the importance of remote internships in acquiring practical skills and exposure to diverse work environments.
- Students expressed motivation to explore remote internship options.

#### **3. Application Readiness:**

- Participants reported feeling more prepared to navigate the application process for remote internships after the workshop.
- The interactive session allowed them to seek clarifications and gain confidence in using the TalFinder platform.

#### **4. Recommendations:**

- It is recommended to conduct follow-up sessions to track students' progress and address any challenges they may encounter while using TalFinder.
- Encouraging ongoing engagement with the platform through informational sessions and updates will help students stay informed about new opportunities.

**Participated List of Students**

SL NO.	STUDENT NAME	BRANCH
1	Akash B	ME
