PREAMBLE

On the occasion MITK Annual day 2023, Cultural Club has organized a “**Clay Modelling Competition**”, MITK Engineering & MBA students actively participated in the competition.

REPORT

The Clay Modelling competition held at MITK Campus on 17/01/2023, was a creative and engaging event that brought together 10 enthusiastic participants. The aim of the competition was to provide a platform for artistic expression and foster a sense of community among the participants.

Event Highlights: The event commenced with a brief introduction to clay modelling techniques and the importance of artistic expression. Participants were provided with high-quality clay and essential tools to mold their creations. A skilled instructor guided the participants through various sculpting techniques, encouraging creativity and experimentation. The workshop covered a range of themes, allowing participants to explore their imagination and

showcase their unique artistic styles. Throughout the event, participants exchanged ideas, collaborated on certain projects, and learned from each other's experiences.

Participant Feedback:

Participants expressed satisfaction with the workshop, highlighting the interactive and hands-on nature of the event. Many appreciated the guidance provided by the instructor, emphasizing the improvement in their clay modelling skills. The collaborative atmosphere allowed participants to connect with like-minded individuals, fostering a sense of camaraderie.

Conclusion:

The Clay Modelling Workshop at MITK Campus was a resounding success, providing a platform for artistic exploration and skill development. The positive feedback from participants indicates the value of such creative events in promoting both individual expression and a sense of community within the campus.

We extend our gratitude to the participants for their active involvement and enthusiasm, and we look forward to organizing more such events to nurture the artistic talents within our campus community.
