

**ICTACADEMY****PROFORMA INVOICE****Date: 26-03-2024****To,**

**The Principal,
Moodlakatte Institute Of Techonology
Moodlakatte, Near Railway Station
Kundapura - 576217, Karnataka, INDIA.**

P.INV. NO.	DETAILS	AMOUNT
0149/23-24	Towards Annual Membership Fee -Renewal	50,000
	IGST 18%	9,000
	Total	59,000

(Rupees Fifty Nine Thousand Only)

Bank Details for Release of Payment:

Account Name : ICT Academy of Tamil Nadu
Account Number : 810454023
Bank Name : Indian Bank
Branch Name : DB Jain College Branch, Thoraipakkam, Chennai
Branch IFSC Code : IDIB000D052
Organization Pan No : AAAAI2467E
GSTIN No. : 33AAAAI2467E1Z2

This Proforma Invoice is Valid Till 29.04.2024.

1st and second year BE students

Preamble

Robotic process automation (RPA) is a software technology that makes it easy to build, deploy, and manage software robots that emulate human actions interacting with digital systems and software. Like people, software robots can do things like understanding what's on a screen, completing the right keystrokes, navigating systems, identifying, and extracting data, and performing a wide range of defined actions. But software robots can do it faster and more consistently than people, without the need to get up and stretch or take a coffee break!

REPORT

The Skill-A-Thon 2022, focused on UiPath Robotic Process Automation (RPA) and Citizen Developer skills, was conducted with the objective of fostering automation expertise and empowering participants to build 200 bots. The event aimed to provide hands-on experience in developing automation solutions using UiPath's RPA platform.

Training Objectives:

- The event aimed to enhance participants' skills in UiPath Robotic Process Automation (RPA) and specifically in the role of Citizen Developers
- The event aimed to provide participants with hands-on experience in developing bots. By working on real-world automation scenarios and challenges, participants gained practical knowledge and developed their problem-solving abilities.
- The event aimed to foster collaboration and networking among participants.
- A key objective of the event was to collectively build 200 bots. Participants were encouraged to work towards this milestone by leveraging their skills and expertise in UiPath RPA.
- The event aimed to promote the adoption of RPA and automation solutions.

Participants:

The event witnessed enthusiastic participation from first and second year engineering students from various colleges across Karnataka. Students from different disciplines showcased their interest in automation and displayed their creativity in building bots.

Event Highlights:**Training and Workshops:**

Participants received training sessions and workshops conducted by experienced UiPath trainers. The training sessions introduced the basics of RPA and the UiPath platform, providing participants with a strong foundation in Citizen Developer skills.

Hands-on Bot Development:

Students actively engaged in hands-on bot development activities throughout the event. They were provided with real-world use cases and challenges that required them to apply their automation skills using the UiPath platform. This hands-on experience enabled them to enhance their problem-solving abilities and gain practical knowledge.

Competition and Recognition:

The event included a friendly competition where participants were tasked with building innovative bots. The bots were evaluated based on various criteria, including functionality, efficiency, creativity, and user experience. MITK, a participating team, secured first place in Karnataka and an impressive fourth place nationwide.

Mentorship and Guidance:

Expert mentors from the UiPath community provided continuous guidance and support to the participants. They shared best practices, reviewed the participants' work, and offered valuable insights to enhance their bot development skills. The mentorship ensured a high level of engagement and provided personalized assistance to the students.

Collaboration and Networking:

The event provided ample opportunities for collaboration and networking among the participants. Students interacted with fellow participants, shared ideas, and learned from each other's experiences. This collaborative environment fostered innovation and allowed participants to expand their professional networks.

Achievement of MITK:

MITK, a participating team from the event, demonstrated exceptional skills and creativity in building bots. Their hard work and dedication earned them the first-place position in Karnataka and an impressive fourth place in the national ranking. Their achievement is a testament to their commitment, problem-solving abilities, and the quality of their bot development.

Benefits and Outcomes:

- Participants enhanced their automation skills through hands-on bot development activities.
- The event encouraged participants to think innovatively and exhibit creativity in building bots. Students showcased their ability to identify automation opportunities, design efficient solutions, and create user-friendly interfaces.
- Participants gained valuable practical experience by working on real-world use cases and challenges.
- The event provided opportunities for collaboration and networking among participants. Students interacted with peers from different colleges, shared ideas, and learned from each other's experiences.
- Participants received mentorship and guidance from experienced UiPath professionals.
- The event recognized outstanding achievements by participants. MITK's first-place ranking in Karnataka and fourth place in India highlighted their exceptional skills and creativity.
- Participation in the event enhanced participants' career prospects in the field of automation.
- The event motivated and inspired participants to pursue automation and RPA as a career path. Witnessing the achievements of their peers and experiencing the impact of automation firsthand encouraged participants to further develop their skills and explore opportunities in the field.

- In conclusion, the UiPath Citizen Developer event for first and second year engineering students in building 200 bots resulted in positive outcomes and benefits. Participants developed their automation skills, fostered innovation and creativity, gained practical experience, and formed valuable professional connections. The event recognized outstanding achievements and motivated students to excel in the field of automation. The acquired skills and experiences will contribute to their career advancement and prepare them for the future of automation.

ORGANIZING COMMITTEE

Prof.Amruthmala-Dean TPIR

Prof.Akshatha Naik-Placement Officer

Prof.Manoj -Placement CO-ordinator

FEEDBACK

Students: Students valued the practical experience gained through working on real-world use cases. They appreciated the relevance of the event to the industry and the exposure it provided to automation technologies and practices. The practical experience gave them a better understanding of the application of automation in various sectors.

WEBPAGE ADDRESS : <https://www.ictacademy.in/skillathon/#skill>

The screenshot shows a table listing 9 participating institutions from Tamil Nadu and Puducherry. The table has columns for S.No, Name of the Institution, and State.

S.No	Name of the Institution	State
1	Sri Krishna College of Engineering and Technology, Coimbatore	Tamil Nadu
2	Sri Manakula Vinayagar Engineering College	Puducherry
3	PSGR Krishnammal College For Women	Tamil Nadu
4	Moodlakatte Institute Of Technology	Karnataka
5	Chennai Institute of Technology	Tamil Nadu
6	Muthayammal Engineering College	Tamil Nadu
7	Sri Ramakrishna College of Arts and Science for Women	Tamil Nadu
8	Shrimati Indira Gandhi College	Tamil Nadu
9	Manakula Vinayagar Institute of Technology	Puducherry

TRAINING AND PLACEMENT CELL

TOPIC

HONEYWELL Centre of Excellence for Youth Empowerment -UIPATH RPA

ASSOCIATE

Organized On

Date: 06/Dec/2022

Venue: Auditorium

Resource Person

Mr. Vinod Bhat- Accenture Sr. Automation Engineer

Mr. Kishore- Amiseq Sr. Automation Engineer

Contact Details

Phone No:

Mr. Kishore -9741569378

Mr.Vinod Bhat - 9740871408

Participants

Branch/ Section: 7th Semester ECE and CSE Students

Number of Students: 95

Preamble

In today's dynamic business landscape, organizations are continuously seeking innovative ways to streamline processes, improve efficiency, and achieve strategic objectives. RPA has emerged as a powerful solution that empowers businesses to automate repetitive and rule-based tasks, enabling human resources to focus on higher-value activities and driving overall operational excellence. This training program has been thoughtfully crafted to provide students with the necessary knowledge, skills, and practical insights to navigate the world of RPA effectively. Whether students are new to automation or have prior experience, this program will equip them with the tools and techniques required to harness the full potential of RPA and drive tangible results within your organization.

BRIEF PROFILE OF TRAINER

Kishore- Amiseq- Sr. Automation Engineer

Professional Summary:

- Having 7.5+ years of experience in IT, which includes 4+ years of experience in RPA implementation using Automation

Anywhere and Intellibot.

- Expertise in RPA processes, including requirements gathering, solution designing, coding, testing, debugging,

documentation and implementation using different tools such as Automation Anywhere and Intellibot.

- Experiencing in project management methodology Agile (Scrum).

- Experience in providing training to development teams on how to track, plan and analyze using JIRA.

- Experience in the task recording, editing, and scheduling and distribution using Automation Anywhere

- Experience in Robotic Process Automation Tool Automation Anywhere to automate web applications, windows-based

applications using Object Cloning, Manage Windows Controls, PDF integration, String Operations, Excel etc.

- Extensively worked with commands like object cloning, web recorder, Excel, Database, Terminal Emulator commands etc.
- Strong experience on various commands String Operations, CSV command, Error Handling, Delay and Wait commands, Object Cloning and Manage Web Controls, Loop Command, if/else commands.
- Having good knowledge on Meta bots and Basic knowledge on IQ Bots.
- Developing and Maintaining Test Scripts, analyzing bugs and communicate with development team members in fixing the defects & generation of bug report.
- Designed solutions utilizing RPA best practices and maintain technical responsibility for project delivery.
- Worked closely with Process SME's to translate process in to detailed design documents and educated SME's to work with Bots in production.
- Automating data transfers, including importing/exporting data between applications or files.
- Automation Anywhere certified developer.
- Having Good Knowledge of Python, G1ANT, OpenBots and Machine Learning Concepts.

Technical Skills:

RPA Tools Automation Anywhere 9.x, 10.x, 11.x and Intellibot, G1ANT,

REPORT

The following report outlines the details and outcomes of a 100-hour training program conducted for 95 final year engineering students from the Computer Science and Engineering (CSE) and Electronics and Communication Engineering (ECE) branches. The training program was organized and sponsored by Honeywell, a leading technology company. The focus of the training program was on developing skills in UI Path, a popular robotic process automation (RPA) tool.

Objectives:

The primary objectives of the training program were as follows:

- To equip the students with practical knowledge and skills in UI Path.
- To enhance their understanding of robotic process automation (RPA) concepts.
- To provide hands-on experience in designing and implementing automation solutions using UI Path.
- To prepare the students for potential career opportunities in the field of RPA.

Training Details:

Duration: The training program spanned 100 hours, divided into theoretical sessions, hands-on labs, and practical assignments.

Participants: 95 final year engineering students, comprising 50 students from the CSE branch and 45 students from the ECE branch.

Trainers: Experienced trainers , specialized in UI Path and RPA technologies.

Sponsorship: The training program was sponsored by Honeywell, covering the training expenses, training materials, and certificates.

Training Curriculum:

1. Introduction to RPA and its applications.
2. Overview of UI Path and its components.
3. UI Path Studio: Interface, activities, and workflows.

4. Automating tasks using UI Path.
5. Data manipulation and handling.
6. Error handling and exception handling.
7. UI Path Orchestrator: Deployment and management of automation processes.
8. Best practices and advanced features in UI Path.

Training Methodology:

The training program followed a blended learning approach, combining theoretical sessions, hands-on labs, and practical assignments. The participants were provided with access to UI Path Studio, enabling them to practice and implement automation solutions. The trainers facilitated interactive discussions, demonstrations, and Q&A sessions to ensure a comprehensive understanding of the concepts and tools.

Assessment and Certification:

At the end of the training program, an assessment was conducted to evaluate the participants' understanding and practical skills in UI Path. The assessment consisted of both theoretical and practical components. Upon successful completion of the assessment, all 95 students received certificates of achievement from Honeywell, validating their proficiency in UI Path.

Outcomes and Benefits:

Enhanced Skills: The training program equipped the participants with practical skills in UI Path, enabling them to automate business processes and enhance their employability in the field of RPA.

Industry-Relevant Knowledge: The participants gained a solid understanding of RPA concepts and best practices, preparing them for real-world automation projects.

Certification: The certificates awarded by Honeywell serve as a valuable recognition of the participants' proficiency in UI Path, enhancing their resumes and career prospects.

Industry Collaboration: The sponsorship by Honeywell strengthened the industry-academia collaboration, providing students with exposure to a leading technology company and potential career opportunities.

ORGANIZING COMMITTEE

Prof. Amruthmala

Prof. Akshatha Naik

Prof. Sookshma Adiga

Prof. Asha Kumari

Prof. Pramila Billava

FEEDBACK

Students: The participants' feedback regarding the training program was overwhelmingly positive, highlighting the trainers' expertise, the relevance of the curriculum, and the hands-on approach.

Resource Person: The students exhibited a high level of enthusiasm and actively participated in the training sessions. They showed a genuine interest in learning UI Path and grasped the concepts quickly. The students exhibited a high level of motivation and dedication throughout the training program. They were proactive in seeking clarification, practicing independently, and taking initiative in exploring additional resources.
