PREAMBLE

It is to showcase a diverse range of research studies and academic papers, representing various disciplines and domains. We aim to encourage constructive critique, inspire innovative thought, and provide a foundation for further exploration of the topics presented. By coming together in this forum, we aim to promote the dissemination of knowledge and support the development of research and scholarly work.

REPORT

On the date 15/02/2019 Department on Business Studies delivered a Seminar on Research Paper Publication by Dr. Abdul Kareem, Professor and Principal of MIT, Kundapura. During his talk he emphasized on the Importance of research in various streams followed by a value-added publication in the reputed journals/Conferences, and explain about how to explore in research field, how students will get involved in here. Because research area it gives a enhance opportunities for students to get a maximum knowledge.

Objectives:

Here are the key objectives of Research and Paper Publication:

1. To share new knowledge, insights, and findings with the broader academic and professional community. This helps advance the field of study and contributes to the collective body of knowledge.
2. To understand about peer review, where experts in the field critically evaluate the quality, validity, and significance of the research.
3. To understand how Publishing research is a way for academics to establish their expertise and gain recognition in their field. It can also lead to career advancement and increased opportunities for collaboration.
4. Aim to contribute to the existing body of knowledge in a particular field. Researchers seek to advance the state of the art, answer important questions, or introduce new ideas.
5. To focus on discussing how the research findings can be applied in practical settings and have a real-world impact. It involves innovative technologies, methodologies, or solutions, the session can serve as a platform for disseminating these innovations to a wider audience.

Outcome:

The culmination of rigorous academic exploration and scholarly effort. Researchers, after months or even years of meticulous investigation, gathered and analyzed data, conducted experiments, and reviewed existing literature to advance the field of knowledge in their respective domains. These efforts resulted in the creation of well-crafted research papers that addressed specific research questions, offered valuable insights, and contributed to the broader academic discourse. Students also they have a more interested to work in research field.

Summary:

The Research and Paper Publication Session for students is a crucial educational event designed to equip aspiring scholars with the skills and knowledge necessary to engage in meaningful research and contribute to academic discourse. During these sessions, students are introduced to the fundamentals of research methodology, data collection, analysis, and paper writing. They learn about the importance of selecting relevant topics, conducting literature reviews, and adhering to academic citation and formatting standards.
